

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

* * * * *

In the Matter of:

AN INQUIRY INTO INTER- AND INTRA-)	
LATA INTRASTATE COMPETITION IN)	ADMINISTRATIVE
TOLL AND RELATED SERVICES MARKETS)	CASE NO. 273
IN KENTUCKY)	

SUPPLEMENTAL ORDER

In a recent filing before the Public Service Commission, a WATS Reseller proposed separate tariffs for each of its marketing areas in Kentucky. However, because of its policy of statewide toll tariffs, the Commission rejected the tariffs and deferred the issue of geographically separate tariffs to Administrative Case No. 273. It is the opinion of the Commission that the issue of geographically separate toll tariffs or deaveraging of statewide toll schedules is of profound importance to all telecommunication providers and users. Therefore, the Commission will require all parties to this case to address additional questions on the issue in their prefiled testimony.

INTER-LATA COMPETITION

1. If competition is permitted, should the Commission require statewide toll tariffs by SCC's? by WATS Resellers? by ATTCOM?

2. If the Commission should permit deaveraging of toll tariffs, what would be the revenue impact on the exchange carriers?
3. If the Commission should permit deaveraging of toll tariffs, what would be the rate impact on the local exchange subscriber?

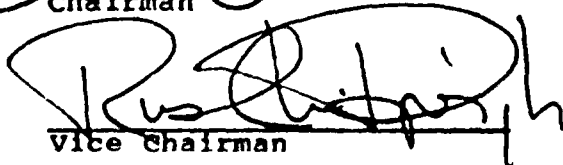

INTRA-LATA COMPETITION

1. If competition is permitted, should the Commission require statewide toll tariffs by competing intra-LATA carriers? by WATS Resellers? by SCB?

Done at Frankfort, Kentucky, this 16th day of February, 1984.
